

Why We “Shower” Our Church Family...

Showers have been something that I have participated in since I was a little girl. I remember going to ladies homes and helping pass out the baby treats, seeing the little ones new clothes and seeing the pure joy on the new mom's faces. Those memories have stuck with me and now that I am helping coordinate the Ladies Social Committee and Wedding Showers, I want to tell you all why all of the hard work and effort put into it is important to me as an adult.

We want to *shower* our family with **LOVE**.

We want to *shower* our family with **SUPPORT**.

We want to *shower* our family with our **PRAYERS**.

We want to *shower* our family with **ENCOURAGEMENT**.

We want to *shower* our family with our **PRESENCE**.

If you are able to celebrate with a gift, GREAT...if you are able to celebrate by helping set up or clean up, EVEN BETTER, but if you are able to come and hug and pray for this life changing event, that is WHAT IS BEST.

I hope you will take a moment to think about when you see the next shower listed in the bulletin. If you knew you were able to participate in praying, supporting, hugging and getting to know others and building each other up while eating some food...then please plan to free up your schedule and join in! *You might just find a new best friend!!!*
